VOL. I.

PHENIX, WEDNESDAY MORNING, AUGUST 13, 1890.

NO. 87

NO QUORUM PRESENT

To Transact Business in the House of Representatives.

DISCUSSING THE TARIFF BILL.

Motion Introduced in the Senate to Change the Rules So As to Limit Debate—Appropriation Bills Warmly Discussed.

WASHINGTON, August 12.—The House anti-Lottery bill was favorably reported to the Senate.

Mr. Edmunds, from the Judiciary committee, reported an amendment to the River and Harbor bill, which was ordered printed. Mr. Edmunds presented a motion for a change of rules by limiting debate on the tariff bill. Ordered debate. Blair also offered a resolution to the same effect, and the same disposition was made of it. The tariff bill was then taken up and Mr. Morgan resumed his argument against an increased duty on tin plate.

Alluding to Mr. Edmunds' motion to limit debate on other propositions of a like character, Mr. Morgan said no Democratic Senator desired to prevent the passage of the bill. They had merely attempted to have a free and full discussion which had not taken place in the House and which was choked off by rules of that body and their administration.

Mr. Daniels spoke of the proposed increase of duty on tin plates as another step in the relentless and inexorable way in which the Republican party engaged against the agricultural and producing classes of the country. Referring to the proposition to limit debate, Mr. Daniels said that such a gag rule would be a fitting wind-up to the sad and tragic comedy before the Senate. Those who spoke for the farmers were to be gagged like — and were told to speak their five minutes and go home. "Shame," he exclaimed, "upon you, American Senators, if you can hear such suggestion with pleasure or without indignation."

Mr. Moody said he was advised by a majority of the Finance committee that an amendment would be offered imposing a duty on and after the first of January, '92 of 25 cents on black oxide of tin and on bar black and pig tin and he asked Mr. Aldrich whether that was so.

Mr. Aldrich assented to the correctness of the statement. Mr. Moody said there was no provision in the bill of more importance to the people of his own State and to a large proportion of the people of the United States than the provision that would impose a duty of 4 cents per pound on Italian tin. Within the last six years the most extensive, and probably the richest tin mine in the world, has been discovered in the Black Hills, in South Dakota and Wyoming. Not only was tin there, but iron for tin plate and coal, out of which coke was to be made to do the work with. Whatever was to be done to create or develop the manufacturing industry of the West he would do.

The tariff bill was laid aside temporarily and Mr. Allison reported back the House bill to continue temporarily appropriations for the support of the government and it went over till tomorrow.

The Lottery bill was favorably reported to the Senate, with an amendment that newspapers published in foreign countries shall not be excluded from the mails under the provisions of this bill unless in the opinion of the Postmaster-General they are being circulated for the purpose of advertising lottery schemes in violation of the law. Accompanying the bill is a letter from the Attorney-General giving an opinion upon other anti-lottery bills before the committee.

"Legislation of this character, that is designed to exclude newspapers circulating lottery advertisements from the mails," says the Attorney-General, "have been generally upheld by the Courts, and it seems to be settled that it is competent for Congress to authorize the Postmaster-General to refuse the use of the mails to any persons engaged in the lottery business."

It is generally believed on the Republican side of the House that special orders will be made setting apart Saturday next for the consideration of the Anti-Lottery bill.

Mr. Blair in behalf of a majority of the members of the Woman's Suffrage committee reported favorably the proposed constitutional amendment to give women the right of suffrage.

Mr. Quay offered a resolution to amend the rules of the Senate by providing: First, that during the present session the Senate will not take up for consideration any legislative business other than the tariff bill, general appropriation bills, bills relating to public building and public lands, pensions and other acts of the Senate on concurrent resolutions, second that consideration of all other bills be postponed until the next session, and third the vote on the tariff bill and all amendments thereto be taken on the 30th of August without further debate until the consideration of the bill and amendments be completed. The resolution went over.

After an Executive session the Senate adjourned.

IN THE HOUSE.

In the House today the Committee on Appropriations offered a joint resolution which passed, extending until August 29 the appropriations for the support of the Government, where not provided for in the General Appropriation bills already passed.

Before the passage of the resolution Mr. Cannon explained the appropriation items of the Sundry Civil bill which had been agreed to. The only matter upon which there was still a disagreement was an item of legislation placed upon it by the Senate, which covered the land and irrigation system in nearly one-half the territory of the United States. This legislation was far reaching in importance, and did not belong upon the appropriation bill. Yet this legislation had delayed the passage of the Sundry Civil bill and rendered necessary further extension of the appropriations.

On motion of Mr. Catechena the Senate amendments were non-concurred in which had been added to the House bill for the establishment of a National Park

AT CHICAMAUGA AND A CONFERENCE WAS APPOINTED.

Mr. Rogers raised the point that there was no quorum present and a call of the House failed to disclose one.

On motion of Mr. Dingley a resolution was adopted for the arrest of the absent members.

ADJOURNED.

STEAMSHIP WAR AVERTED.

The Pacific Mail and Canadian Lines Make Peace.

SAN FRANCISCO, August 12.—Col. Fred Crocker said today that the fight contemplated by the Canadian Pacific Steamship Company against the Pacific Mail and the Oceanic and Oriental lines had been declared off and that Tariff Manager Rice, of the Pacific Mail, would leave for Portland, Oregon, tomorrow, where he would meet a representative of the Canadian line and sign a peace agreement. The agreement is to last until May, 1891, and prohibits the Canadian line from handling freight and mail from ports South of the Northern line of California and the Pacific Mail and Oriental companies from handling business in the ports south of California. Whether or not the two companies of this port are to pay the Canadian line a monthly subsidy is not known but it is the general supposition in steamship circles that some sort of a monthly subsidy to the foreign line forms the basis of the new plan.

MADE REPARATION.

INSULT TO THE UNITED STATES FLAG IN SALVADOR.

The Government Amplely Apologizes, Raises the Flag Again and Gives It a National Salute of Twenty-One Guns.

WASHINGTON, August 12.—Last Friday the State Department received from Minister Mizner a telegram saying that during the battle in the city of San Salvador the forces of the provisional government seized the American Consulate in that city, hauled down the flag and damaged property. The department the same day instructed Mizner to demand full reparation from Salvador, reinstatement and protection of the Consul and to see that all the rights of the United States and its citizens were observed.

Last night the department received word from Mizner, stating that the provisional government of Salvador had hoisted our flag over the United States consulate the day before, at the same time saluting it with twenty-one guns and the Consul had been reinstated and the rights of the United States and its citizens guaranteed.

Acting Secretary Wharton said today it is most gratifying to be assured from this news that Salvador is desirous and anxious to recognize and protect the rights of citizens of the United States and make all reparation possible, when any disregard or infringement of them is brought to its attention.

A MINERAL PALACE.

Colorado Speaks of Erecting One at the World's Fair.

PUEBLO, Colo., August 12.—The unique idea given out from Milwaukee by the brewers of that city would erect a beer palace at the World's Fair out of beer kegs, bottles and other appurtenances of the beer industry, has given additional interest to the wish that the Colorado Mineral Palace, just as it is now being erected in this city, be rebuilt at Chicago as an important part of the Colorado exhibit. The columns would each be built of a different stone, while upon the inside the massive splendor of mineral specimens taken from hundreds of mines would be greatly heightened by the rays from 2500 electric lights. The only hindrance would be the cost, which, including the value of specimens, would be in the neighborhood of half a million dollars. A genuine mine in working order forms part of the program and it is safe to say that the Colorado Mineral Palace, as generally visited. The advance in silver has put the miners and mine owners in splendid humor and it is safe to predict that the scheme will be worked out.

THE SAME OLD METHOD.

Politics of a Red-hot Kind in West Virginia.

CHARLESTON, W. V., August 12.—The hot political war waged between George Nutter and William Dills, for the Republican nomination for County Clerk, has been followed by an attempt at the assassination of Nutter. On Saturday, during the primary conventions held for the selection of delegates in nearly every county, there were many fights. In the Charleston convention there were five, in another ten; so hot was the political battle. Late on Sunday night Nutter went to see one of his delegates and on returning was shot by an unseen party. The ball struck near his heart. A physician was called and pronounced the wound dangerous. No clue.

VOLCANO IN INDIANA.

Natural Gas Causes Peculiar Eruptions Near Shelbyville.

SHELBYVILLE, Ind., August 12.—Volcanic eruption is taking place in the county caused by natural gas explosions. Ten acres of land is torn up in the vicinity of Waldron. The river bed is rent with great fissures and water is pouring down into the earth leaving the bed dry. Geysers in various places are throwing mud, water and gas fifteen feet and the whole surface of the river is a flame. Great noises are heard from the earth and the ground which runs along the side of the river is sunk ten feet. Great excitement prevails throughout the country and the citizens are much alarmed.

Captain Scott Dead.

SAN DIEGO, Cal., August 12.—A Report comes from the City of Mexico that when the Mexican government made a demand on the English government for Major Scott's return to Mexico on account of his connection with the filibustering scheme, they were notified that he died on his way to India. Major Scott was general manager of the International Company at the time of the expose.

ALL MARCHING AGAIN

Veterans Following the Old Flag in the City of Boston.

A MAGNIFICENT PROCESSION.

Thousands of Men in Line and Over Five Hours and a Half Required for All the Posts to Pass the Reviewing Stand.

BOSTON, August 12.—Today opened perfectly for the Grand Army demonstration. It is estimated that 100,000 strangers are in the city.

There was an unexpected delay in the formation of the column, owing to the lateness in arrival of delegations and the difficulty of massing so large a force. At 11:30 a. m., Commander-in-Chief Alger, with a full staff of 600 mounted men, escorted by the Forty-third Massachusetts Cavalry and headed by a corps of mounted police, rode to the head of the Illinois department. A hand struck up, "God Bless Our Soldier," and at command the greatest military street parade ever witnessed in Boston began to march.

As early as 9 a. m., the space in the vicinity of Copley Square was densely crowded and the fortunate possessors of tickets of admission to the grand stand at that point were early in their seats. Seats were reserved for the Presidential party. At ten o'clock a carriage drove up and General Sherman alighted and took a seat in the front row. At 10:20 strains of "Hail to the Chief" were heard and rousing cheers announced the coming of the President and a few minutes later a carriage drawn by four horses drove up with Governor Brackett and President Harrison. A second carriage bore Vice-President Morton and Mayor Hart, followed by the carriages of Secretaries Noble, Proctor, Tracy, Rusk, Private Secretary Halford, Admiral Gherardi, William McKinley, Hon. Cabot Lodge, General Sickles, and other prominent people.

Hardly had the applause which greeted the Presidential party subsided when there was a flutter of excitement which broke into hearty cheers as the familiar face of Mrs. John A. Logan appeared above the sea of upturned faces. Mrs. Logan was accompanied by Mrs. Alger and Mrs. McKee. The appearance of General Alger, who rode a spirited bay, was a signal for the rising of the President and his Cabinet. As each department came in front of the stand the colors were dipped, hats raised and in many instances rousing cheers given for the President, "Uncle Jerry" coming in for the lion's share of attention when Wisconsin passed in review.

At 1:40 p. m. a squad of mounted police, immediately followed by Commander-in-Chief Alger and staff, made their appearance in Adams Square. The Commander-in-Chief and staff took position on the reviewing stand by the general Butler and others. General Butler had been on the stand since 1 o'clock. Hardly had he taken his position on the reviewing stand when the head of the procession came in sight. Generals Alger and Butler stood side by side saluting column after column as they passed.

After the long march the veterans had undergone they braced themselves for a good appearance as they passed their commander, and did finely. Post No. 5, of Chicago, gave the first cheer at the call of "hurrah for our next President" and they were given heartily. Next came a call for "three cheers for General Butler" and the veterans were also given with a will. In fact the honors were well divided between the two throughout the passing of the procession.

On the appearance of the Pennsylvania Posts with their tattered battle flags, rousing cheers went up. The entire procession was a series of ovations for all the departments along the line for thousands of patriotic citizens. The parade was five hours and thirty-five minutes in passing. Viewed from Franklin Square the parade was a magnificent spectacle. The grand arch at the head of the square was finely decorated and was the center of attraction especially to the eyes of the veterans bearing as it did a finely executed representation of the battle of Gettysburg. As the parade appeared in sight of the grand stand at the square, the air resounded with cheer upon cheer and when General Alger came in sight he was greeted with deafening cheers. His reception was a magnificent spectacle from this point, the line of march reaching nearly two miles in a straight line.

DIVISION OF AFRICA.

Lord Salisbury Explains How It Is All Fixed.

LONDON, August 12.—In the House of Lords yesterday Mr. Salisbury stated that the English agreement with France maintained the rights and privileges of missionaries in Madagascar, and insured freedom of religious teaching. Under the modern doctrine of "Hinterland" France claimed the countries south of Algeria and Tunis and on the same principle the English Niger Company could claim the territory behind its present sphere of operations. It was obviously desirable to draw the line separating the English and French spheres of activity. The line agreed upon gave a large part of the western shore of Lake Tchad to the Niger Company, including the empire of Sokoto. The country northwest of Lake Tchad would be considered under French influence. Notes exchanged by the two governments recognized the fact that the agreement would not affect the rights of the Porte over religious south of Tripoli.

PIMA COUNTY REPUBLICANS.

The Central Committee Makes an Apportionment for Delegates. Special Correspondence of THE REPUBLICAN.

TUCSON, August 11, 1890.—The County Central committee met Saturday evening, and after some sparring as to whether telegraph or substitute proxies

should be received, settled down to business.

Mr. Osborn moved for the apportionment of delegates in accordance with a paper in his hand said to be the last apportionment, except the addition of two votes to Nogales precinct. Mr. Brewster Cameron objected to the proposition as decidedly unfair, and stated that the apportionment should be made upon the vote cast at each precinct, as the only fair and impartial way to arrive at the apportionment. Judge Wright moved an amendment to Mr. Osborn's motion to the effect that each twenty-five votes or fraction thereof be entitled to one delegate in the convention. This motion was unanimously carried, as was also a motion to authorize the setting of the time for holding the primaries and the date of the County Convention.

The primaries are to be held under the auspices of the Republican club of each precinct, or in the absence of such a club, by the members of the County committee.

HAD TO BE AMPUTATED.

SAN QUENTIN, Cal., August 12.—Guard Bowen's right forearm, which was shattered by a rebounding bullet, fired by a convict last night, was amputated today by Dr. White, of San Rafael, and Durant, of the prison. Bowen came from Mendocino County and had served much on guard duty. He prevented the escape of Convicts Ross and Maynard last July.

THE STRIKE BROKEN.

A VICTORY FOR THE RAILROAD COMPANY.

Passenger Trains Running on Time and Arrangements Made for Sending Out Freight on the Regular Schedule.

NEW YORK, August 12.—The making up and sending out of freight trains is proceeding without disturbance.

At the Grand Central depot this morning passenger trains were coming and going with all the appearance of their usual regularity. A telegram to the general manager from Syracuse says order has been fully restored there. Vice-President Webb is making arrangements to run freight trains.

At 1 p. m., reports along the New York Central indicate the strike to be practically at an end. Passenger trains were running on time between here and Albany this morning and the delay of freight trains was unimportant. Freight traffic has been partially resumed and the blockade of cars is being rapidly raised.

ESCAPED CONVICTS.

Defend Themselves From Behind Break-works but Are Finally Recaptured.

SAN QUENTEN, Cal., August 12.—The escaped convicts, Tarrott Hanlon and Manning, after reaching the gulch near Laurel Grove, threw up breast works of limbs, stumps and stones around a clump of trees in a dense thicket, thus securing a commanding position. They stood a siege of about eighteen hours, firing at their besiegers every once in a while, but not so as to kill any of the guards. Deputy Sheriff Bowen, of Mendocino, had the stock of his rifle and the bone of his right arm broken by one shot. After holding several negotiations with the besieging Sheriffs, and being convinced that no one was killed, and probably securing some concessions they surrendered their Winchester to Sheriff Stanley, of Mendocino, and Healy, of Marin county. They were conducted to San Quentin prison.

It is surmised that a cousin of Manning was the party who carried weapons for the convicts on the prison grounds and the officers are after him.

HAMLIN AND HIS DRIVER.

They Have Words of Anger and Part Company.

BUFFALO, August 12.—C. J. Hamlin and his driver, W. J. Andrews, have parted company. The well known horse owner and his driver came to words on Saturday afternoon, after Hamlin's peccor won the second heat in the party who carried weapons for the convicts on the prison grounds and the officers are after him.

A FORGER WANTED.

A Sharp Operator Who Has Fleece Denverites.

DENVER, August 12.—E. F. G. Hall, representing himself as a contractor on the Nicaragua canal, traveling in the West for his health, is wanted here for passing forged drafts on New York banks for nearly \$5000. The same man visited Glenwood Spring in July and swindled banks and merchants out of \$35,000 by the same means. His plan of operation was to gain the confidence of some prominent citizen who would introduce him to the banks and merchants. He then made a deposit in the bank and issue drafts which were promptly paid. He would then deposit a draft for a large amount, drawn by a Kansas bank upon a bank in New York, get a part payment on the draft in advance, draw out all his deposits and with considerable jewelry paid for with the forged paper leave the town before his crookedness was discovered.

Didn't Know It Was Loaded.

SANTA ROSA, Cal., August 12.—Ed. Royal, ten years old, was shot by a companion of the same age while playing with a revolver, yesterday afternoon. The ball entered the face below the mouth, crashed through the jaw, knocked teeth out and lodged under the tongue. It is feared the wound will prove fatal. The boys did not think the revolver was loaded.

STATE CONVENTIONS.

Preparing for the Campaign in Various Commonwealths.

CALIFORNIA REPUBLICANS MEET.

Nothing Done the First Day But to Effect an Organization and Appoint the Various Committees—Adjourned Till Today.

SACRAMENTO, August 12.—Six hundred and seventy-seven delegates to the Republican convention assembled here today to nominate a governor and the remainder of the State ticket.

The four leading candidates for Governor are: Henry H. Markham, of Los Angeles, Congressman Morrow, of San Francisco, General C. P. Chippman, of Red Bluff, and Hon. L. U. Shippee, of Stockton. Three hundred and thirty-nine votes are required to nominate.

At 1:30 this afternoon there was little evidence in the Assembly Chamber at the State Capitol that the Convention had been called to meet there. At 2 o'clock the doors of the Chamber had not been opened and hardly more than fifty persons were waiting in the corridors outside. All excitement attending the Convention was around the hotels where the various candidates have their headquarters.

At 2:10 Chairman Dimond rapped the assembly to order and addressed them in a few words. J. C. Campbell, of San Joaquin, was nominated Temporary Chairman by Mr. Blanchard, of El Dorado, and there being no opposition he was declared elected.

Frank D. Ryan, of Sacramento, was unanimously elected Temporary Secretary.

The following committees were appointed: On Credentials: D. M. Burns, San Francisco; M. H. Smith, San Francisco; C. G. Lamberson, Tulare; B. C. Dresher, Butte; T. C. Boland, Inyo; M. A. Luce, San Diego; W. A. Anderson, Sacramento; J. F. Kidder, Nevada; T. Harris, Merced; C. R. Briggs, Shasta; Joseph Brown, San Bernardino; E. J. Wilson, Solano; George Healey, Santa Clara; W. E. Green, San Joaquin; W. R. Radcliffe, Santa Cruz.

Committee on permanent organization and order of business: E. S. Pillsbury, San Francisco; E. S. Sprague, Yuba; C. I. Jones, Sacramento; F. W. Street, Tulumene; F. C. Delong, Marin; Geo. W. Schell, Stanislaus; A. Rent, San Francisco; J. D. Burns, San Mateo; E. D. Dennison, Alameda; F. J. Salinsky, Calaveras; R. M. Shafekoff, San Luis Obispo; W. H. Ekert, Monterey; W. W. Kellogg, Plumas; E. H. Hancock, Santa Barbara; E. W. Davis, Sonoma.

Committee on Resolutions: G. G. Blanchard, El Dorado; W. H. Dimond, San Francisco; R. B. Carpenter, Los Angeles; A. R. Cutchin, Inyo; H. Dibble, San Francisco; J. F. Ellison, Tehama; A. L. Hart, Sacramento; W. S. Wood, San Francisco; T. Tuttle, Placer; E. H. Lloyd, San Francisco; C. Shortridge, Santa Clara; F. McGowan, Humboldt; F. H. Short, Fresno; L. L. Carothers, Mendocino; D. E. Knight, Yuba; E. C. Voorhees, Amador; G. M. France, Napa; N. H. Metcalf, Alameda; Drury Melone, San Francisco; J. P. Abbott, Contra Costa.

After the announcement of the committee members, H. H. Lloyd, of San Francisco, moved to adjourn until tomorrow morning at 10 o'clock, in order to give the committees time to report. A delegate from San Bernardino as an amendment moved that the convention meet again at 8 o'clock tonight. Mr. Lloyd's motion prevailed and the convention adjourned until tomorrow.

A HAPPY CHINAMAN.

He Recovers \$5000 Damages From San Mateo Farmers.

SAN FRANCISCO, August 12.—Lee Ott, a Chinese, was today awarded \$5000 damages, for injuries received from McClellan Brothers, of San Mateo county. Lee was a domestic at McClellan's ranch and, being suspected of stealing some missing jewelry, was tried up by the heels for two hours to force a confession. The jewelry was afterwards found.

BACK TO CHINA.

Eighteen of the Twenty-three Chinese Sail From Our Shores.

SAN FRANCISCO, August 12.—Eighteen of the twenty-three Chinese brought here from the South were shipped back to China on the Belgic this afternoon. The other five Chinese, who escaped from the jail yesterday by bribery and were recaptured, will be kept until they can testify against the men who aided their escape.

Deputy Sheriff Morrison, who was arrested on a charge of bribery in this connection, has been surrendered by his bondsmen and is now in jail here. The five substitutes will also be prosecuted and may receive a year's imprisonment.

THE DEADLY SKUNK.

Another Man Bitten by One of the Little Creatures.

PRESCOTT, Ariz., August 12.—Moses Moore, one of the Scotch prospectors who had such a thrilling experience at the time of the Walnut Grove flood, last winter, arrived here last night from Jerome Camp, suffering from a bite received on the right foot from a skunk while asleep. The animal imbedded his teeth so firmly in the foot that it was extracted with difficulty and pulled a big piece out with it.

As two cases of skunk bite have recently proven fatal in this neighborhood, one developing into a well defined case of hydrophobia, Mr. Moore left here this morning for the Pasteur Institute, New York for treatment.

A SPIRITED MEETING.

Tucson's Republican Club Elects New Officers for the Ensuing Year. [Special Dispatch to THE REPUBLICAN.]

TUCSON, August 12.—A large and enthusiastic club meeting was held here this evening. After new signatures had been added to the roll, C. R. Drake

nominated D. Henderson for President of the club. M. S. Snyder nominated Dr. Fenner. On roll call Mr. Henderson received sixty votes, Mr. Fenner seventy-two. Robert Kelly was elected Secretary.

After numerous motions looking to the selection of names for the primaries, the club adjourned without taking action.

The meeting was spirited, yet harmonious, throughout.

Sorrow for John Boyle O'Reilly.

LONDON, August 12.—The Parnellite Members of Parliament held a special meeting this evening to record their sorrow that John Boyle O'Reilly was not spared to return from his patriotic exile on the day of his country's freedom.

Summer Rains in California.

MILTON, Cal., August 12.—There was a severe thunderstorm here today, there being a hard rain along Bear Mountain ridge and south of here at Salt Springs Valley, Copperopolis, Camden City and Elk Horn Station, doing considerable damage to the grain and fruit crop.

Calls For Troops.

WASHINGTON, August 12.—The Secretary of the Interior today received a telegram from the Governor of New Mexico asking for troops to suppress the White Caps outrages.

TERRIBLE FLOODS.

Phenomenal Rain Fall in Co. Chise County.

Tombstone Flooded to the Depth of Two Feet and Fairbanks Almost Wiped Out by a Flood.

The Tombstone Prospector received yesterday brings intelligence of a great fall of rain in that section. It says: Yesterday was a day by itself, and was characterized by a lack of clouds and signs of rain. Up to 10 o'clock the sky was clear, but a black bank of clouds hung over the horizon in the southeast and the heavens in this particular direction were aglow with perpetual lightning. This cloud at 11 o'clock moved rapidly toward the northwest, and at midnight reached Tombstone. The glare of lightning, which was unaccompanied by thunder, was incessant. The glare was blinding to one's eyes and the fact that no thunder was audible caused a feeling of wonderment. The wind blew furiously and rain fell in torrents. It was a terrible storm, and one that but few people care to ever witness again. Many persons dressed themselves and prepared for the worst. The streets were knee-deep with water. Many roofs were unable to carry off the water and overflowed the gutters into the rooms below. The water fell at an angle of forty-five degrees and found its way into the most inaccessible places. After the first heavy fall over there was a lull for a few minutes, after which another storm, accompanied by thunder and lightning, but no wind, frightened persons into the belief that the end was at hand. When the news shall have reached Tombstone from the surrounding country it is feared many cases of suffering and probable loss of life will be recorded.

It was feared last night that Fairbanks would suffer seriously from the flood and news received from there today proved the fears to have been well founded. The town is in a most dilapidated condition. Shortly after midnight the roar of rushing water was heard from the direction of Tombstone and was a warning to the people to get out of their houses and seek higher ground. In many instances but a few moments elapsed between the flight of the inhabitants and the coming of the water. The volume of the latter was variously estimated and was sufficient to sweep through houses four feet above ground and carry everything before it. At the same time the wind blew a hurricane, and the rain although not heavy added to the terror of the moment. Many persons rushed from their homes in a frantic condition and narrowly escaped being drowned. Many of the women and children sought refuge in the hay and in the stage company's stables where bedding was brought and their rest made as comfortable as possible.

Every house in the town with the exception of two or three were damaged. The heaviest loss will fall upon Guindani, whose building collapsed all in a heap, the roof falling till it reached the goods piled on the floor where it now rests. The water undermined the adobe walls and the crash followed.

Several smaller houses were swept out of sight. The Montezuma hotel and Dr. Williams drug store escaped without any damage, being on higher ground.

Paul Demartina's store is all right but the water went through it.

The water was ten inches deep in McKay's saloon and this morning six inches of dirt covered the floor. The water was at 11 o'clock this morning two feet deep along the railroad track and the track or ties were not visible at Hill's ranch.

The work done by the railroad company during the past week has been undone, although the track and ties still hang across the river bed below.

What has become of the track between Hill's and Benson is only a matter of conjecture.

The stage road from Tombstone to Fairbank is obliterated and no evidence of this once smooth driveway can be found. The damage cannot be estimated with any accuracy but is put at \$15,000 by conservative figures.

Sold to the Erie.

INDIANAPOLIS, August 12.—The Chicago and Atlantic railroad was sold under foreclosure today for \$5,000,000 to a representative of the Erie road which this secures an entrance to Chicago.

Newspaper Man Arrested.

SACRAMENTO, August 12.—Arthur McEwen was arrested here this morning on complaint of Justice Fox, of the Supreme Court, who accuses him of writing a libelous article in connection with the Jessup case, charging complainant with being the father of a child by a servant girl. McEwen was released on bonds.

SALVATOR WINS.

Proves Himself to Be the Champion of the Turf.

BEFORE A LARGE ASSEMBLAGE.

Beats Tenny in Fast Time in One of the Greatest Races of the Year—Opening of the Circuit in the State of California.

MONMOUTH PARK, August 12.—The weather was magnificent, and the track in good shape today. Attendance, 20,000. The loadstone that attracted all these persons was the Champion Stakes, mile and a half. The starters were Salvador and Tenny and Salvador is the champion. He won that title in a fair and square contest with Tenny, the only horse on the American turf that has a right to dispute the title with him and he did it in such decisive style that there can be no question whatever of his superiority.

From start to finish within three furlongs of home it was a pretty and even race. All of a sudden Murphy commenced to ride Salvador and a shout went up "Tenny is beaten." It was true, Tenny had to acknowledge defeat. The time of the race is as follows: Quarter 0:26 1/4, half 0:50 1/4, three-quarters 1:17, mile 1:43, mile and a quarter 2:09, mile and half 2:35 1/2. This settles decisively the question of the merits of Salvador and Tenny and while the latter is a great horse he will have to occupy a secondary position whenever Salvador is mentioned.

The other events for the day were: First race, seven furlongs—Meridan won, Myfellow second, Bellwood third. Time, 1:30.

Second race, Junior Champion stakes for two-year-olds, six furlongs—Strathmore won, Salie McClelland second, Potomac third. Time, 1:16 1/4.

Fourth race, two-year-olds, maidens, six furlongs, Della Colt won, Vanity second, Milesites third. Time, 1:19.

Fifth race, mile
